THESE FESTIVE ROOMS—DECKED OUT FOR THE SEASON OF CELEBRATION—
HOLD HOLIDAY SURPRISES

*A*s we embark on the holiday season, we present six homes filled with sparkling creativity from those who spiff and polish all year long—the design pros. Delightfully, their masterful touches are yours to peruse. Dream big, settle in and weave yourself a spell of nostalgia. Let the hunt for good tidings and mistletoe begin.

Jill TRAN

Jill Tran wreathes her decor with a sure touch. Birch and walnut branches add a natural touch as they cozily flank the stone hearth.

Red—her favorite color—is highlighted fire-side in a splay of roses, impish cardinals and glowing tapers.

A beveled glass table and green fabric with gold embroidered leaves on the love seat provide shimmer while creating a feeling of warmth and sheer delight.
